

pRF analysis

pRF models

Python modules and classes

- Modules

- IO (input/output)

- read/write data + (un)flatten + ROI
 - fMRI & ECoG (also preproc)

- Stimulus

- Extract stimulus energy / flatten / eye-movements

- Model

- Make models + predictions + params

- Fit / evaluate

- Grid fit/ search fit / HRF fit

- Utilities

- HRF / others

- Classes

- Data (fMRI)

- Stimulus

- Model
